

Haverhill Homeowners Association

Your Haverhill Board met on Tuesday, June 6, 2017

The following are the notes from this meeting:

A. President – Jessica Klein

- i. **Mailing list update** – Jessica & Julie continue to work on updates to our email & Facebook list.
- ii. **Social** – We are looking for volunteer(s) to plan a summer party, possibly at the Haverhill Tot Lot. Please contact a board member if you are willing to help.
- iii. **Backflow Cross Connection Control Program** – The Board has completed their involvement with this program, but can answer questions as needed. Haverhill residents will be contacted by the City of Novi if you are not in compliance or you'll receive a Notification of Compliance letter from the City if you are all set. For anyone who hasn't had the testing completed, many residents used Pump-U-Right (Jim) 248-471-2222. **Again, keep in mind, this is a mandatory program.**
- iv. **Lighting committee** (Jeff Narcissian) – This program is to look into the possibility of lighting some of the darker areas of our subdivision. A possible vendor has been found and the committee is working with them for a proposal to present to the Board. At this time it appears solar power may be the best option.
06/06/17 Update – Update was sent to the Board. The Board will schedule a meeting with this committee in the near future.
- v. **The Haverhill Board Status** - Currently has (1) opening and will have at least (1) more opening this fall. Participating on the Board requires 4-6 meetings per year and some phone calls or light work between the meetings. It's a great way to get to know your neighbors and help support our neighborhood. Contact any current Board member if you are willing to get involved. These positions are given a \$250 landscape credit for your involvement, which is the same amount of our annual dues.

B. Treasurer – Julie Phillips

- i. **Financial Update** – Julie was unable to attend the 06/06/17 Board meeting. No update at this time.

C. VP (Landscape / Beautification) – Joe Drouillard

- i. **Update** - Flowers have been planted on the island at the subdivision entrance. Weeding and loose gravel clean-up will also soon take place at the front of the sub.
- ii. Please take a look around the outside of your home for any repairs, painting, and landscape updates/clean-up that may be needed. Everyone should do their part to continue to make Haverhill one of the nicest neighborhoods in the area!
